#### REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
Winston Trails Community Development District (East)
Palm Beach County, Florida

#### **Report on the Financial Statements**

We have audited the accompanying basic financial statements of Winston Trails Community Development District (East) as of and for the year ended September 30, 2015, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Supervisors Winston Trails Community Development District (East) **Opinion** 

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, and each major fund of Winston Trails Community Development District (East) as of September 30, 2015, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Governmental accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures in accordance with governmental auditing standards generally accepted in the United States of America, which consisted principally of inquires of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 7, 2016 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Winston Trails Community Development District (East)'s internal control over financial reporting and compliance.

Management's discussion and analysis of Winston Trails Community Development District (East)'s (the District) financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The District's basic financial statements comprise three components; 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to financial statements. The Government-wide financial statements present an overall picture of the District's financial position and results of operations. The Fund financial statements present financial information for the District's major funds. The Notes to financial statements provide additional information concerning the District's finances.

The Government-wide financial statements are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets 2) restricted and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government and physical environment.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major governmental funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

Fund financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all governmental funds. A statement of revenues, expenditures, and changes in fund balances – budget and actual, is provided for the District's General Fund. Fund financial statements provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets, are reported in the **statement of net position**. All liabilities obligated but not paid by the District, are included. In the **statement of activities** transactions between the different functions of the District are eliminated in order to avoid "doubling up" the revenues and expenses. The fund financial statements provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long term liabilities are not included in the fund financial statements. To provide a link from the fund financial statements to the government-wide financial statements, a reconciliation is provided from the fund financial statements to the government-wide financial statements.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District is also included in the *notes to financial statements*.

#### **Financial Highlights**

The following are the highlights of financial activity for the year ended September 30, 2015:

- The District's total liabilities exceeded total assets by \$(767,162) (net position). Unrestricted net position for Governmental Activities was \$25,217. Restricted net position for Governmental Activities was \$19,177. Net investment in capital assets for Governmental Activities was \$(811,556). When the District was formed, assets exceeded liabilities and subsequently infrastructure was deeded to Palm Beach County creating the negative net position. The reason for the transfer of infrastructure was that the County is better able to maintain the infrastructure than the District. Further, financial condition assessment procedures have been applied and no deteriorating financial conditions were noted.
- Governmental activities revenues totaled \$261,366 while governmental activities expenses totaled \$272,666.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

#### **Financial Analysis of the District**

The following tables present condensed, government-wide current year and prior year data about net position and changes in net position. Comparative year data is shown based on the Government financial reporting model under the Governmental Accounting Standards Board Statement No.34.

		Governmental Activities				
		2015	2014			
Net Position						
Current assets Restricted assets	\$	32,284 86,057	\$	133,022		
Capital assets, net		1,265,000		1,375,000		
Total Assets		1,383,341		1,508,022		
Deferred outflows of resources		75,660		81,480		
Current liabilities		176,163		170,364		
Non-current liabilities		2,050,000		2,175,000		
Total Liabilities		2,226,163		2,345,364		
		(044.550)		(0.45.700)		
Net investment in capital assets		(811,556)		(815,736)		
Net position - restricted		19,177		21,238		
Net position - unrestricted	<del> </del>	25,217		38,636		
Total Net Position	<u>\$</u>	(767,162)	\$	(755,862)		

The decrease in current assets and the increase in restricted assets was primarily due to a change in classification of investments.

The decrease in capital assets was due to depreciation in the current year.

The decrease in non-current liabilities was primarily related to current year principal payments.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

#### Financial Analysis of the District - (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

	Governmental Activities				
	20	)15	2014		
Change in Net Position				_	
Program Revenues Charges for services General Revenues	\$	261,346	\$	260,333

Interest		116,579		117,623	
Total Expenses		272,666		277,963	
Change in Net Position		(11,300)		(16,127)	
Net Position – beginning	(	(755,862)		(739,735)	
Net Position – ending	\$ (	(767,162)	\$	(755,862)	

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

#### **Capital Assets Activity**

The following schedule provides a summary of the District's capital assets as of 2015 and 2014.

	Governmen	tal Activities
Description	2015	2014
Building and improvements Less: accumulated depreciation	\$2,750,000 (1,485,000) \$1,265,000	\$2,750,000 (1,375,000) \$1,375,000

The only capital asset activity was depreciation of \$110,000.

#### **Budgetary Highlights**

The budget exceeded actual expenditures primarily because of lower legal fees than were anticipated.

The September 30, 2015 budget was amended to reflect lower than anticipated supervisor and engineering fees.

#### **Economic Factors**

The District does not expect any economic factors to have any significant effect on the financial position or results of operations of the District in the subsequent fiscal year.

#### **Request for Information**

This financial report is designed to provide a general overview of the District's finances for all those with an interest. If you have any questions about this report or need additional financial information, contact Winston Trails Community Development District (East), District Manager, Special District Services, Inc., 2501A Burns Road, Palm Beach Gardens, Florida 33410 or telephone (561) 630-4922.

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Reporting Entity**

Winston Trails Community Development District (East) (the "District") was created on August 26, 1998 by Ordinance 98-31 of Palm Beach County, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors (the "Board"), which is composed of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. Ownership of land within the District entitles the owner to one vote per acre. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes. At September 30, 2015 all of the Board members are residents of the District.

The Board has the final responsibility for:

- 1. Assessing and levying assessments.
- 2. Approving budgets.
- 3. Exercising control over facilities and properties.
- 4. Controlling the use of funds generated by the District.
- 5. Approving the hiring and firing of key personnel.
- 6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement 14, and Statement 39, and Statement 61. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment (Operating-type special assessments for maintenance and debt service are treated as charges for services.) and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### <u>Measurement Focus, Basis of Accounting and Financial Statement Presentation</u> (Continued)

The District reports the following major governmental funds:

#### General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

#### Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

#### Assets, Liabilities and Net Position or Equity

#### Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions

#### **Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities and Net Position or Equity (Continued)

#### Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure improvements –	
drainage system and other	25

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

#### Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities and Net Position or Equity (Continued)

#### Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190 and Section 200.065, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. Formal budgets are adopted for the general fund. The legal level of budgetary control is at the fund level. As a result, deficits in the budget columns of the accompanying financial statements may occur. All budgeted appropriations lapse at year end.

#### Deferred Outflows of Resources

The statement of net position reports, as applicable, a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future reporting period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. For example, the District would record deferred outflows of resources related to debit amounts resulting from current and advance refundings resulting in the defeasance of debt (i.e. when there are differences between the reacquisition price and the net carrying amount of the old debt). The statement of net position reports, as applicable, a separate section for deferred inflows of resources.

#### Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities and Net Position or Equity (Continued)

The District can establish limitations on the use of fund balance as follows:

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 - Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy - For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

### NOTE B - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

### 1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

"Total fund balances" of the District's governmental funds (\$111,274) differs from "net position" of governmental activities (\$(767,162)) reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the Governmental Fund Balance Sheet. The effect of the differences is illustrated below:

#### Capital related items

When capital assets (improvements and infrastructure that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Buildings and Improvements	\$ 2,750,000
Accumulated depreciation	 (1,485,000)
Total	\$ 1,265,000

#### **Long-term debt transactions**

Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2015 were:

Bonds payable <u>\$ (2,175,000)</u>

#### <u>Deferred outflow of resources</u>

Deferred outflow of resources applicable to the District's governmental activities are not financial resources and therefore, are not reported as fund deferred outflow of resources:

Deferred amount on refunding \$ 75,660

#### **Accrued interest**

Accrued liabilities in the Statement of Net Position differ from the amount reported in governmental funds due to the accrued interest on bonds

Accrued interest \$ (44,096)

### NOTE B - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

### 2. Explanation of Differences Between the Governmental Fund Operating Statements And the Statement of Activities

The "net change in fund balances" for government funds (\$(15,480)) differs from the "change in net position" for governmental activities (\$(11,300)) reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

#### Capital related items

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balances decrease by the amount of financial resources expended, whereas net position decreases by the amount of depreciation expense charged for the year.

Depreciation <u>\$ (110,000)</u>

#### **Long-term debt transactions**

Repayment of long-term liabilities are reported as expenditures in the governmental fund statement but such repayments reduce liabilities in the statement of net position and are eliminated in the statement of activities.

Debt principal payments \$ 120,000

Some expenses reported in the Statement of Activities do not require the use of current financial resources, therefore, are not reported as expenditures in governmental funds.

Net decrease in deferred outflow of resources \$ (5,820)

#### NOTE C - DEPOSITS AND INVESTMENTS

#### **Custodial Credit Risk - Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk, however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2015, the District's bank balance was \$31,067 and the carrying value was \$31,067. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

#### **Investments**

The District's investments were held as follows at September 30, 2015:

Investment	Maturity	Fa	ir Value	<b>Book Value</b>		
First American Government				, <u> </u>	_	
Obligation Fund Cl Y	N/A	\$	86,057	\$	86,057	

#### **Credit Risk**

For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

#### **Concentration Risk**

The District places no limit on the amount it may invest in any one. The investments in Wells Fargo Advantage Government Money Market Fund INSTL Class # 1751 are 100% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2015 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

#### **Interest Rate Risk**

The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

The Bond Indenture limits the type of investments held using unspent Bond proceeds.

#### **NOTE D – CAPITAL ASSETS**

Capital asset activity for the fiscal year ended September 30, 2015 was as follows:

	Balance October 1, 2014	Additions	Deletions	Balance September 30, 2015
Capital assets, being depreciated Infrastructure Improvements Total Capital Assets, Being Depreciated	\$ 2,750,000 \$ 2,750,000	\$ - \$ -	\$ - \$ -	\$ 2,750,000 \$ 2,750,000
Less accumulated depreciation for: Infrastructure Improvements Total Accumulated Depreciation	\$ (1,375,000) (1,375,000)	\$ (110,000) (110,000)	\$ -	\$ (1,485,000) (1,485,000)
Total Capital Assets Depreciated, Net	\$ 1,375,000	\$ (110,000)	\$ -	\$ 1,265,000

Depreciation expense was charged to physical environment.

#### NOTE E – LONG-TERM LIABILITIES

#### Special Assessment Revenue Refunding Bonds Series 2008

On September 11, 2008, the District issued \$2,890,000 of Special Assessment Refunding Bonds, Series 2008 due on May 1, 2028 with a fixed interest rate of 4.76%. The Bonds were issued to refund the District's outstanding Special Assessment Revenue Bonds, Series 1999. Interest on the Series 2008 Bonds is to be paid semiannually on each May 1 and November 1, commencing November 1, 2008. Principal on the Bonds is to be paid serially commencing May 1, 2009 through May 1, 2028.

The Series 2008 Bonds are subject to optional and extraordinary mandatory redemption prior to the due date of the Bonds as outlined in the Bond Indenture.

The Bond Indenture requires that the District maintain adequate funds in a reserve account to meet the debt service reserve requirement as defined in the Indenture. In addition, the Bond Indenture has certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2015.

#### NOTE E - LONG TERM LIABILITIES (CONTINUED)

#### Special Assessment Revenue Refunding Bonds Series 2008 (Continued)

The following is a summary of activity of the long-term debt of the District for the year ended September 30, 2015:

Long-term debt at October 1, 2014	\$ 2,295,000
Principal payments	 (120,000)
Long-term debt at September 30, 2015	\$ 2,175,000

District debt is comprised of the following at September 30, 2015:

#### **Special Assessment Refunding Bonds**

\$2,890,000 Series 2008 Term Bonds maturing through 2028, interest at 4.76%, collateralized by the pledged revenues of special assessments levied against the benefited property owners, payable May 1 and November 1.

\$ 2,175,000

At September 30, 2015, the scheduled debt service requirements on the long - term debt were as follows:

		Governmental Activities							
Year ending								_	
September 30:	F	Principal		Interest			Total		
2016	\$	125,000	-	\$	105,256		\$	230,256	
2017		130,000			98,935			228,935	
2018		135,000			92,661			227,661	
2019		140,000			86,146			226,146	
2020		150,000			79,607			229,607	
2021-2025		865,000			281,494			1,146,494	
2026-2028		630,000	_		61,803			691,803	
	\$ 2	2,175,000		\$	805,902		\$	2,980,902	

#### NOTE F - SPECIAL ASSESSMENT REVENUES

Assessments are non-ad valorem assessments on all platted lots within the District. Assessments are levied each November 1 on property as of the previous January 1 to pay for operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. For debt service assessments, amounts collected as advance payments are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments. The Tax Collector's Office bills and collects the annual assessments on behalf of the District.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

#### **NOTE G – MANAGEMENT COMPANY**

The District has contracted with a management company to perform management advisory services, which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

#### **NOTE H – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and environmental remediation. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Winston Trails Community Development District (East)
Palm Beach County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Winston Trails Community Development District (East), as of and for the year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon dated June 7, 2016.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Winston Trails Community Development District (East)'s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Winston Trails Community Development District (East)'s internal control. Accordingly, we do not express an opinion on the effectiveness of Winston Trails Community Development District (East)'s internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Supervisors Winston Trails Community Development District (East)

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Winston Trails Community Development District (East)'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing* Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### **MANAGEMENT LETTER**

To the Board of Supervisors
Winston Trails Community Development District (East)
Palm Beach County, Florida

#### Report on the Financial Statements

We have audited the financial statements of the Winston Trails Community Development District (East) as of and for the year ended September 30, 2015, and have issued our report thereon dated June 7, 2016.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

#### Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with AICPA Professionals Standards, Section 601 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in that report, which is dated June 7, 2016, should be considered in conjunction with this Management Letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we address in the Management Letter, if not already addressed in the auditor's report on compliance and internal controls, whether or not recommendations made in the preceding annual financial report have been followed. There were no recommendations made in the preceding audit report.

#### **Financial Condition**

Section 10.554(1)(i)5.a., Rules of the Auditor General, requires that we report the results of our determination as to whether or not Winston Trails Community Development District (East) has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the Winston Trails Community Development District (East) did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

To the Board of Supervisors Winston Trails Community Development District (East)

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial conditions assessment procedures. It is management's responsibility to monitor the Winston Trails Community Development District (East)'s financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same.

#### **Annual Financial Report**

Section 10.554(1)(i)5.b., Rules of the Auditor General, requires that we report the results of our determination as to whether the annual financial report for the Winston Trails Community Development District (East) for the fiscal year ended September 30, 2015, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2015. In connection with our audit, we determined that these two reports were in agreement.

#### **Other Matters**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the Management Letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

#### **Purpose of this Letter**

Our Management Letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

### INDEPENDENT ACCOUNTANT'S REPORT/COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

Winston Trails Community Development District (East) Palm Beach County, Florida

We have examined Winston Trails Community Development District (East)'s compliance with Section 218.415, Florida Statutes during the year ended September 30, 2015. Management is responsible for Winston Trails Community Development District (East)'s compliance with those requirements. Our responsibility is to express an opinion on Winston Trails Community Development District (East)'s compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Winston Trails Community Development District (East)'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Winston Trails Community Development District (East)'s compliance with the specified requirements.

In our opinion, Winston Trails Community Development District (East) complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2015.
